

ASHE National Conference Committee:

The ASHE Great Lakes Region Board offers our support of the **ASHE Derby City, Bluegrass and TRIKO Valley** sections' proposal to host the 2027 ASHE National Conference in Louisville, KY.

We are excited about the possibility of the ASHE National Conference being hosted once again in the Great Lakes Region. This will provide the members, and hopefully potential new members, the opportunity to attend a national conference in their home region for the first time since Central Ohio in 2021.

We feel these ASHE sections will compile a compelling array of technical sessions, guest tours and evening events that will make a 2027 ASHE National Conference in Louisville a truly memorable event. Not only will the sections have the backing of an experienced conference host in TRIKO Valley but they have the enthusiasm of being some of the newer sections in the region with a lot of positive momentum.

We proudly support the **ASHE Derby City, Bluegrass and TRIKO Valley** sections hosting the ASHE National Conference in Louisville, KY. in 2027.

Sincerely,

A handwritten signature in blue ink that reads "K. Bowen".

Region President

ASHE Great Lakes Region Secretary
